Sandy Louise - Love crashes down

Sandy loves to write songs that listeners can really relate to and connect with.

Love crashes down is the opening track to Sandy's latest album release Blue Skies Open Eyes. It captures the memory of her Parents separation and the pain that love crashing down has when relationships end.

Featuring album producer Bill Chambers musically and vocally together with Sandy they've created a great sound that sets the tone for the album and Sandys storytelling.

Be sure to check out the whole album which is available now on all online platforms with merchandise available through her Facebook page.
