Phil & Lana Doublet - My Old Man No More

Multi-award winning, and previous Tui nominated artists Phil & Lana Doublet have joined forces, after 6 collective solo album releases.

The first single ‘My Old Man No More’ began when Phil was woken by the muse in the middle of the night, with the line “My Old Man No More” in his head. The duo collaborated, the story took shape and came to life in this fun tune about a wife getting unsuspecting revenge, on her not so honest husband.

Recorded at 3rd Room Productions (NZ), then Mixed by Matt Fell and Mastered by Michael Carpenter, both at Love Hz Studios (AUS) for the final touches.

Their new album ‘Play Nice’ is due to be released mid 2020 - the first collaborative album release for this husband and wife duo.
