Christie Lamb – Old Country Soul

Golden Guitar and CMC Award Winner Christie Lamb releases her final single ‘Old Country Soul’ from her ARIA #1 Country Album ‘Broken Lines’.

“Old Country Soul is about being proud of your roots and loving the simple things in life.”

The music video was directed and produced by Duncan Toombs and was shot entirely in Christie’s hometown of Camden.

“I wanted to stay true to my country roots for this one and show what my hometown has to offer.”

Christie was invited to perform on the CMA Global Stage and represent Australia this year. All going well with travel restrictions, this will go ahead in 2021.

After a great start to the year with Christie’s biggest Tamworth Festival turn out to date, there were further ‘Backroad Nation’ shows with Lee Kernaghan and The Wolfe Brothers locked in and plans for Christie’s own follow up tour later in the year. These plans have now had to be put on hold for the moment until venue restrictions are lifted.

Christie can’t wait to get back out on the road with her band as soon as possible and celebrate what is her 15th Country Radio single.
