### ***Alice Benfer – More Than Words***

It may feel like an eternity since Gympie songbird Alice Benfer has recorded new material, but some things are just worth waiting for. This emerging artist has been making steady progress, honing her signwriting skills and gathering a collection of songs for future recordings.

“More Than Words” is the new single from Alice Benfer, an emotional Country Ballad co-written with fellow artist Brendan Smoother. Many gifted people came together to make this project happen.

Due to COVID-19 and restrictions in place, Alice recorded her Vocals at Benji Pocock’s Vibetone Studio’s. This single was Produced by Sam Hawksley with the Final Mixing and Mastering by Michael Carpenter at LoveHZ Studio.

Alice Benfer continues to follow her passion for music with signwriting and performing wherever she can.
