Souly Us - Everything Has Changed

Our new single 'Everything Has Changed' represents change and how life has altered during this process of COVID 19.

Change is something we are familiar with.

Through both of our lives we have had to experience a lot of it!

The fact that the whole world right now is going through an immense amount of change.

This is all new territory for every single one of us right now.

We are just taking it day by day and praying for a cure. Praying for something to come along that will allow us to live 'normally' again.

This song speaks of change.
