Angus Gill & Seasons of Change - Skin Story

ARIA and 3x Golden Guitar Award nominees, Angus Gill & Seasons of Change, return with “Skin Story” from their critically acclaimed album, “3 Minute Movies”.

Gill wrote “Skin Story” with Nick Wolfe (The Wolfe Brothers) while on tour in Tasmania. It’s a Springsteen inspired Country rock anthem that celebrates expressing one’s ink identity.

“I had this title in my notebook for years called Skin Story. I had the opening line and the play on words of ‘heart on my sleeve’ written next to it. I knew this was the idea for Nick & I to work on as Nick himself has quite a few ‘skin stories. The song really wrote itself and later convince me to take the plunge of getting my own ‘skin story’ done”.
