### ***Shelly Jones Band - Waltz Right Back***

**\*\*Available Now To Request On Your Local Radio Stations\*\***

Waltz Right Back is a song about getting back to old fashioned love. Where sharing the little things in life can be so special, such as a slow dance in the kitchen whilst preparing dinner. A love that is strong enough to survive the ups and downs of everyday life.

Written by Lester and Shelly, Waltz Right Back is from their Highways album which is available on all digital platforms or via their website.
