Heywood & Moore – My, oh my!

Heywood and Moore's music combines the story telling of traditional country with the power of roots rock instrumentation.

The new single "My, oh my!" is a radio-friendly re-mastering of a track off their 'Goodbye Yesterday' album, a reinterpretation of a song by the 'The Wreckers' on how the world changes with time and the past looks like a happier place to be. The track has been described as an 'up tempo foot-tapper' and 'something that put a smile on your face' which is undoubtedly the duo's USP.

Goodbye Yesterday was released by UK's Thoroughbred Music label and has been well received worldwide featuring the duo's signature sound of rich harmonies and edgy guitars, which has attracted the interest of the likes of Larry Weiss (Rhinstone Cowboy) and Seymour Stein (Warner Music).
