Chris Boots Lee - Do You Even Love Me Anymore

"Do You Even Love Me Anymore" is one of the songs that Chris is most proud of. He wrote it, in a time of grief and confusion, and poured his heart and soul into the lyrics.

It's pretty much as country as you can get, and tells the story of a hard working soul, who is devastated after his partner leaves him, after he has done all that he can, to provide for his family.

The track was one of the first produced by his long time friend Ray Whitlock, who strived to drive home the traditional classic country feel, in a story that's truly timeless.
