### ***Adventures With Alice – Driving Route 288 feat. Catherine Porter***

From the Southern Highlands of NSW, Adventures With Alice deliver their third single in twelve months with Driving Route 288.

The song documents the journey of songwriter Debbie Rollason’s relationship with her long-time partner and is released on August 7th 2021, to coincide with the couple’s 25th anniversary.

The song continues the band’s collaboration with the incredible Catherine Porter, who once again delivers a faultless vocal performance.

Legendary songwriter Jim Vallance produces the track, which also features band members Jess Anderson on piano and Rollason on bass and guitar.

The upbeat country track is rounded out by a guest appearance from Sydney pedal steel maestro Jy-Perry Banks.
