Kylie Adams-Collier – Light as a Feather

Multi -Award winning Australian songwriter, Kylie Adams-Collier, delves deep into her Bellingen hometown roots for her fourth solo album. With influences of bluegrass, folk, gospel and traditional old school country, her heartfelt songs of love, forgiveness, grief and small town memories are delivered in a unique yet warmly familiar sentiment.

The bluegrass/gospel title track explores forgiveness on a universal level. The first single from her forthcoming album will resonate with many listeners with lyrics such as ‘there comes a time in your life to forgive & forget’ and ‘forgiveness brings the light inside your soul that you have searched for... ‘
