The Long and Short of It – She Runs

She Runs depicts the hurt a child experiences in the horror of Domestic Violence.

Dave & Patsy - The Long and Short of It, are passionate advocates for the prevention of Domestic Violence and want everyone to wake up, be aware and care about the families and children impacted by unnecessary violence.

They are passionate advocates of social issues and their current single release “She Runs” is no exception. This beautiful song is a little dark because it relays the heartfelt impact of Domestic Violence upon a child.

Release day has been timed to coincide with “Wear Purple for Domestic Violence Awareness day- 26 October 2021.”
