Heywood & Moore – Tumbleweed

Country music is supposed to be all about “three chords and the truth” and Dawn’s song Tumbleweed is just that, a deeply personal confession. It explores the reluctance that we have to let go of a long-term relationship. Specifically, a relationship into which we have invested our soul, energy, drive, spirit and life and the heart-breaking acceptance that it has evolved into a prison, becoming a bed of lies with no apparent escape.

Ultimately, Tumbleweed is a record of the despair of living in a relationship without hope whilst maintaining the pipe dream that somehow it can be saved.

alt.country artists Dawn Moore and Brian Heywood are based on the Mid North Coast of NSW. Their music combines the storytelling of traditional country with the edgy roots guitar.
