Piperlain - Time

Piperlain combines eclectic sounds of acoustic and electronic styles coupled with emotive, passionate vocals.

Formed by singer/songwriters Benjamin Knight and Rebecca Voorn-Knight and based in The Blue Mountains, the Piperlain sound has been described as “poetic” and “quirky” by The Grove Studios and “emotive” with “layers of depth” by Sony.

Time is the first single from the Time EP and was written during the early collaboration between artists Ben and Bec. It was recorded at MusicPro studios by engineer Paul I and mastered at Abbey Road Studios in London by engineer Geoff Pesche.

Produced by Paul I and Ben Knight, the Time EP is the first release since the Mother Mourned concept album received positive reviews in 2017.
