Maddie Cail - Look at you now

The song 'Look at you now' lyrically addresses the raw emotions felt when an ex tries to mend an ended relationship after they have left you completely broken.

The verses in the song tap into the hurt and pain felt when you lose someone you love.

The chorus builds a stronger realisation of what's happening to you, the repetition of the ex's behaviour pattern and that you deserve better. "Look at you now" highlights all the emotions fitting to a breakup song.

I wrote this song after a breakup when I was feeling sadness, anger, depression, and relief.

Michael and Caleb Flanders producing skills and musical arrangement accompany the lyrics perfectly, producing a new country heartbreak anthem.
