***Gina Timms - It's Your Reputation Talkin'***

It's Your Reputation Talkin' is a song I heard back in 1986. It was on the first Kathy Mattea album I purchased on cassette. It was the photo on the cover that attracted me to it, and wow, what a surprise when I played it. I loved the entire album and became an instant fan. Kathy's music has influenced my own song writing so much ever since. Usually, I would release an entire album then drop radio singles, but due to COVID restrictions, it has been difficult to say the least. Also, with live gigs being cancelled so much over the past two years, an independent artist finding the money to record has also presented a challenge. It's Your Reputation Talkin' is an upbeat song that ponders the question – should I or shouldn't I give that man a chance? It's always wise to be wary, but you just never know, do you? I certainly relate to these lyrics on a personal note. I found myself there a few years back after the breakdown of my first marriage. I'm so glad I gave my new man a chance. I've now been happily married to my beautiful husband for 12 years this year.

***It's Your Reputation Talkin'* is released on CRS on Australia Day 2022.**

**Thanking you in advance for supporting a Tasmanian independent country music artist.**
