The Silverline - The Northern Coast

The Silverline follow up the incredible success of their #1 hit cover - Silver Threads and Golden Needles with a heartfelt original - 'The Northern Coast', paving the way for their next album and a powerful message in song - based on a very personal experience.

"Music is a force that indelibly stamps the memories of those we've loved and lost. Although grief feels like an unwelcome stranger, music has the power to ease the pain while sparking hope for the future. If you've lost a friend or family member, you are not alone. The Northern Coast was written in honour of everyone who has battled cancer, just like my amazing sister who lost her fight against Brain Cancer in 2019. We are proud to be partnering with the Charlie Teo Foundation, with 100% of the proceeds from The Northern Coast donated to Cancer research. We hope The Northern Coast gives wings to the memories of your loved ones. Their fight is now our fight - and together we can find the cure. Thanks for your generous support." Cathy from The Silverline.
