DD834 – Phil Salter – Long White Line

"Long White Line" is Phil's "Born To Run" (he wishes!) in that it is about the longing to move on, to get out of the home town, find adventure, get the girl! The character in the song doesn't have any money, doesn't know where he's going, or how he'll get there; but he has the faith, a knowing, that things will turn out, that he will find the right people, that he will prevail.
