The Long and Short of It – Midnight Choir

‘*Midnight Choir*’ is the second single release from Award-winning Melbourne country duo, **The Long and Short Of It**, from their new album **MIDNIGHT CHOIR** which will be released on August 5th.

The single “*Midnight Choir*” is a joyous, high-energy song depicting good times at a local bar where the action kicks in around Midnight as friends party together singing along with a Country Band.

The single is a collaboration between the pair and Nashville-based producer, Kenny Royster, whom the pair met during a trip to Nashville in 2013 and is credited for his work with US Country superstar, Luke Combs.
